Preparing The Community For Our Youth

**RESTORE**

**REVITALIZE**

**REBUILD**

*Project*

Its' amazing how the smallest change can make the biggest difference. Even in what the world considers one of the worst economic times, the "power of one" remains so great, so powerful.

ONE, as in 'one purpose' – endeavoring to meet the need of those considered unreachable and forever changing the face of the community.

With the ever increasing problems of peer pressure, teen pregnancy, gang violence and drug abuse -- Our youth, the future of our communities, seem to have met their match. If there was ever a need for moving inside one purpose, now would be that time!

With the launching of the R3 Youth Outreach and Rehabilitative Housing Program in Indiantown, Florida – hope is brought to young individuals and families who would otherwise have none. Birthed from the endless efforts of local volunteers and community leaders, such as Senior Pastor Wanda Grooms of Bible Teachers International – the program draws attention to the need for a greater intervention.

# The Power of ONE

In partnership with Habitat for Humanity of Martin County, the Restore-Revitalize-Rebuild Youth Program (a 501c3 project) will not only provide rehabilitative housing for youth, but will include training, work opportunities, mentorship, chances to further education and become a productive member of the community. The project also encompasses the opening of a restaurant and thrift store, which will help create needed employment.

To benefit the program, a fundraiser is being held at the Timer Powers Park in Indiantown, Florida on Saturday, November 19<sup>th</sup> from 9AM to 6PM. The event is free and open to the public. Guests are invited to enjoy a variety of activities, foods, music, drama, art auctions and raffles, as well as free concerts by recording artists Michael the GodChild and Helen Miller! Receive a free massage by a licensed therapist, in exchange for a donation towards the program. Free health screenings and other community resources also available on-site.

This program would not be possible without the support and contributions of others. If you are interested in learning more about the project, volunteering, or donating to this cause; please contact the program office.
